

# Toni George

As Associate Headteacher at Downe Manor since January 2019, I have been a Staff Governor; working closely with the Governing Body to make important decisions about the school.

I am fortunate and privileged to be working with a great staff team and supportive Governing Body, who challenge and hold us to account. Along with the Headteacher, we report back to the Governors on teaching and learning, the curriculum, budget, resources

and progress against the school development plan.

I have been an Ealing Borough resident my whole life and thoroughly enjoy living and working in our diverse community.

When I am not at school, I enjoy spending time with my family, reading and keeping fit and healthy.
